First year SFAI International Students

Starting at Cornish

Your contact person is David Lofthouse. David is familiar with the International student enrollment process and will do all he can to provide you with the best advice.

Cornish will support the following:

- Automatic Admission - If you were accepted under regular status at SFAI, your admission will be automatically accepted here at Cornish. We still need official documentation as [outlined here](#), but rest assured you are in!
- Immigration Status – F-1 visa students will also be eligible through Cornish College of the Arts. The process does not change when you decide to attend another school. [Learn more here](#)
- Living Space - Our wonderful residence hall has space available for SFAI students. See pictures and watch the [video here](#) and find [more information here](#).
