

Continuing Students

Transfer to Cornish

We have organized a special track for SFAI students to minimize the challenges that can come with the transfer process late in an academic program.

All SFAI students who apply to transfer to Cornish will be guaranteed:

- A Streamlined Application Process - Cornish will waive the Letter of Recommendation, Essay Requirement, and Application Fee. Simply start your application at apply.cornish.edu/apply, upload your portfolio, and request to have your transcripts sent to admission@cornish.edu for a response in just a few days. Add the code: SFAITRANSFER to the Fee Waiver Section of the Cornish Admission Application.
- Residency Flexibility - Many schools require a number of courses to be taken in residence in order to attain a degree. Recognizing the special situation SFAI students are in, we will make adjustments wherever possible to our institutional policy.
- Special Advising - Our advising staff has been briefed of your situation and they will help you to organize your remaining coursework to complete your degree efficiently.
- Financial Aid Counseling - Our staff is prepared to consult with you regarding the best approach to maintaining the most generous aid package possible while remaining inside the boundaries of Federal and State guidelines of course. Domestic students should be sure to have their FAFSA sent to Cornish. Our school code is: 012315.
- Graduation Recognition - Given that SFAI students attained credit and valuable experience on the SFAI campus, our graduation ceremony will carefully acknowledge this important component of your education with an official pin or medallion (subject to copyright approval by SFAI).
- Living Space - Our wonderful residence hall has space available for SFAI students. See pictures and watch the [video here](#) and find [more information here](#).
