

The background of the entire page is a photograph of a bookshelf. The books are arranged vertically, with their spines visible. The spines are in various colors, including teal, yellow, and white. A metal bar, likely part of a book cart or shelving system, runs horizontally across the middle of the books. The lighting is dramatic, with strong shadows and highlights, giving the scene a textured, three-dimensional appearance.

Financial Aid Awards

Important notes

[Edit Content](#)

If you are a current student, you will only see your 2017-2018 award until your financial aid documents for the next year are received.

WHAT ELSE CAN I FIND ON COMPASS?

Compass is the best place for you to find information about all things Cornish. Here are some of the things you can find there!

- *Helpful reminders*
- *Your missing documents and PDFs*
- *Private loan search resources*
- *Our scholarship search engine*
- *The financial aid blog*
- *Work Study paperwork*
- *Access to your Student Account*
- *Your current and historical 1098-Ts*

APPLYING FOR FINANCIAL AID

The first step in applying for financial aid is creating an FSA ID and completing the Free Application for Federal Student Aid (FAFSA). Your FSA ID is a unique account you will use to complete a FAFSA, and can be created [here](#). Your parent will also need to create their own FSA ID to sign your FAFSA. You only need to create an FSA ID one time, and use the same ID to complete your FAFSA every year. The FAFSA, which becomes available on October 1st, evaluates your eligibility for federal student aid, such as Stafford loans and the Pell Grant. Go to [studentaid.gov](#) to complete an application using your FSA ID and Cornish's school code 012315. Remember: if you are a dependent student, your parent or guardian will need to sign the FAFSA with their FSA ID. After you finish your FAFSA, your financial aid counselor will review it and create an award based on your Estimated Family Contribution (EFC).

In some cases, the Office of Financial Aid may request additional documents to verify or further explain information entered on the FAFSA. We will send you an email and update your Compass account if you have any missing documents.

VERIFICATION

Roughly one third of all submitted FAFSAs will be selected at random by the Department of Education for a process called Verification. If you are selected, we will request copies of all W2s or Schedule Cs for incomes reported on the FAFSA, a Verification Worksheet, and Tax Return Transcripts (if you or your parent did not use IRS Data Retrieval). While the deadline for all documents is June 1st, the deadline for Verification documents is June 15th. This is to allow for any extra time the IRS may take to give you the documents. If you miss the verification deadline, you may be ineligible for some first-come, first-serve financial aid funds.

**HAVING PROBLEMS FINISHING THE FAFSA?
COME IN TO THE OFFICE FOR HELP!**

YOUR FINANCIAL AID

TYPES OF FINANCIAL AID

INSTITUTIONAL SCHOLARSHIPS

Institutional scholarships are renewable for up to four years, and are contingent upon maintaining Satisfactory Academic Progress. Your scholarship is also non-transferable: if you are transferring majors, your award may be adjusted. Certain scholarships may be awarded by your department in recognition of your academic achievements.

If you're using Chapter 33 Veteran's benefits, we may award you an Estimate Yellow Ribbon scholarship until the official amount is confirmed in January.

Questions about VA Benefits? Contact
Megan Mittelstaedt at mmittelstaedt@cornish.edu

FEDERAL AND STATE GRANTS

Pell Grant

You may qualify for the Pell grant based on your EFC. Pell is limited to six years (12 semesters) of eligibility.

Supplemental Educational Opportunity Grant (SEOG)

SEOG is a small grant that you may qualify for if you have a Pell grant. The Office of Financial Aid will award this fund based on availability.

Washington College Grant (WCG)

If you are a [Washington State resident](#) you may qualify for the State Need Grant, which will be added to your financial aid award if you are eligible. The State Need Grant is limited to five years of eligibility and awarded on a first-come, first-serve basis in conjunction with need-based requirements.

College Bound Scholarship (CBS) and Passport to College (PTC)

If you are receiving the State Need Grant and have applied to one of its' sister programs, CBS or PTC, the Office of Financial Aid will be notified by the State and will place the funds in your account. To qualify for CBS and PTC, even if you've applied in the program, you must meet certain need-based requirements.

LOANS

Stafford Loans

All U.S. citizens are eligible to take out Stafford loans. You will be eligible for one or both of the types below based on your EFC. All Stafford loans are automatically deferred while you're enrolled in school, and come with a grace period where you aren't required to make payments that lasts for six months - this means while you can make payments, you aren't required to during these periods. You can find your servicer and all your loan information at studentaid.gov as well more details about repayment options and loan forgiveness.

Parent PLUS Loans If you are a dependent student, your parent may apply for a PLUS loan from the Department of Education through the Office of Financial Aid. While this loan does require a simple credit check, it comes with many of the same benefits the Stafford loans do, such as the option to defer their loan while you're enrolled in school, low interest rates, consolidation options, and forgiveness in the case of permanent disability or death. In the case your parent is denied for credit reasons, they will have the option to add an endorser to the loan, or you may be awarded an additional amount of Unsubsidized Stafford loan.

*Rates are applicable as of July 1st 2022 - updated rates will be published in July 2023

SUBSIDIZED STAFFORD

- Fixed interest rate of 4.99%
- Origination fee of 1.057%
- Need-based
- Interest does not accrue while enrolled in school

UNSUBSIDIZED STAFFORD

- Fixed interest rate of 4.99%
- Origination fee of 1.057%
- Interest does accrue while enrolled in school

PARENT PLUS

- Fixed interest rate of 7.54%
- Origination fee of 4.228%
- Requires application

If you receive a federal loan as part of your financial aid, you have the right to cancel the entire loan or any portion of a specific disbursement. You will be emailed a right to cancel notice, and must request cancellation with the Office of Financial Aid within 14 days of that notice. You will be required to repay any refund you received or tuition balance that will result from returning your loan, prior to the return being processed.

YOUR FINANCIAL AID

TYPES OF FINANCIAL AID (CONT')

Private Loans

You may also choose to finance your education with a private loan. These loans are from third party lending institutions. Cornish provides a list of preferred lenders to assist you in your search, which you can find on Compass. Please take care to read the terms of all your loans carefully.

Consumer Debt Letters

In accordance with Washington State law, Cornish will provide a detailed list of your accrued educational debt at the beginning of every school year. This notice will be emailed to your Cornish account, and you will be sent a new message every time there are changes to your loans.

Work Study

If you see a Work Study award on your award letter, you are eligible to apply for Work Study jobs. These are jobs that may be on or off-campus, and do not count towards your EFC. If you are a Washington resident, you will see your award listed as State Work Study, and if you are not you will see your award listed as Federal Work Study. You'll be able to apply for jobs in your residency category.

You can apply for Work Study jobs listed on our website. After being hired and beginning work, any money you earn is paid directly to you in the form of a monthly paycheck. You may choose to put this money towards your tuition, or use it for personal and/or educational expenses.

All Work Study positions start at the Seattle minimum wage, which is currently \$18.69 an hour. Students may work up to 19 hours a week between all work study jobs during periods of active enrollment. Please expect to show your social security card and driver's licence, or passport when you are hired. You must present the original physical copies.

EXIT COUNSELING

Before you graduate, in-person Exit Counseling will be offered. The Office of Financial Aid will provide a history of your borrowing, go over all your repayment plan options, and answer any other questions you may have. If you have borrowed a Perkins loan in the past, you will also be required to complete Exit Counseling for that loan: the Perkins administrator will be available at the scheduled Stafford Exit Counseling session. If you are unable to attend Stafford Loan Exit Counseling, you will be emailed a link to the online form at studentloans.gov. This email will be sent to your Cornish email.

FUNDING REVIEW

Students who wish to be considered for an increase in their original merit-based award may initiate an appeal for Funding Review. To appeal for Funding Review, submit the following:

1. A Letter of Appeal.
 - a. The letter should give examples of your contributions to the field, and to Cornish.
 - b. Use the letter to explain any additional circumstances.
2. A brief Recommendation from a Cornish Faculty Member
 - a. Choose a faculty member who can speak to your work and career potential.
 - b. This recommendation should specify how you have excelled beyond the general expectations of your coursework.
3. A detailed Monthly Budget of all of your expenses.

Submit all parts of your Funding Review appeal to Sara Drummond, Director of Financial Aid at sdrummond@cornish.edu
Incomplete appeals will not be considered – plan ahead!

A successful appeal will result in additional scholarship for the next academic year, not the current year. Please note that, due to limited funds, not all appeals will result in a scholarship increase. Requests for continued funding will be considered on a case-by-case basis, and submitting a request is not a guarantee that additional assistance will be available.
Deadline is February 15th.

Make sure your Cornish ID is on all 3 parts!

YOUR FINANCIAL AID

SATISFACTORY ACADEMIC PROGRESS (SAP)

Federal and Institutional SAP

As required by federal regulation, this policy outlines the academic progress required to maintain institutional and federal financial aid. This SAP policy is separate from academic progress towards your degree, which you can find in the Student Handbook.

To maintain your eligibility for all forms of financial aid and meet the minimum standards, you must:

- Have a cumulative GPA of 2.00
- Complete degree requirements within the intended length of your degree plan. The number of total credit hours for which you receive federal financial aid may not exceed 150% of the credit hours required for graduation in your degree plan.
- Maintain a 67% pace of progression (your total credits earned divided by your credits attempted). Credit hours transferred from other institutions will be included in this calculation.

Those who meet the minimum standards are considered to be in “good standing” for the purposes of financial aid.

Important to note:

- Grades of Incomplete (I) and Withdrawal (W) will be counted as credits attempted.
- Repeated classes for credit will be counted as credits attempted.
- Non-credit classes are not offered within degree programs and will not be counted as credits attempted.

Financial Aid Warning

If you fail to meet minimum standards at the end of each semester, you will be placed on a financial aid warning. A notification will be emailed to your Cornish email address. While on a warning, you can continue to receive federal aid for one semester. You are expected to return to good standing at the end of the warning period. If you do not return to good standing, you become ineligible for federal aid.

Financial Aid Probation

If you fail to return to good standing at the end of the warning period, you may apply for re-instatement of eligibility through an appeal process. You will need to respond to the email sent to you and complete a SAP Appeal Form, submit a statement explaining your situation and plan to get back to good standing, and provide documentation if applicable to explain the mitigating circumstances that caused you to fall below the minimum standards.

If your appeal is successful, your federal financial aid will continue for one probationary semester. During your semester of probation, you must meet the conditions outlined in the appeal decision.

Maximum Timeframe

Federal financial aid eligibility is limited to 150% of a program’s credit length. If it becomes clear that you cannot graduate within this period, you become ineligible for federal financial aid. If you have an approved change of major or program, your pace can be recalculated. Your student transcript will be re-evaluated for earned credits that transfer to the new program. Credits transferred to the new program become part of the cumulative attempted and earned credits that factor into the new 150% timeframe calculation.

Institutional financial aid eligibility is only guaranteed for the number of terms and credit hours required of the degree. For example, if you are admitted into a full-time program that can be completed in 8 semesters by taking a full-time credit load, then institutional aid will not continue beyond 8 semesters. An appeal is necessary to be awarded institutional aid beyond the number of terms required in your degree plan.

If you are enrolled in more than one institution under consortium agreements, you are subject to your home institution’s Satisfactory Academic Progress policy.

SATISFACTORY ACADEMIC PROGRESS (SAP)

WASHINGTON STATE SAP

The State of Washington has additional criteria for SAP as pertains to state-funded financial aid. Those who accept these funds will also be reviewed at the end of each semester. If you do not meet the requirements, you will receive an email from the Office of Financial Aid. The enrollment requirements for these funds are detailed below.

Full-Time: Enroll in a minimum of 12 credit hours per semester and complete a minimum of 24 credit hours per academic year.

Three-Quarter Time: Enroll in a minimum of 9 credit hours per semester and complete a minimum of 18 credit hours per academic year.

Half-Time: Enroll in a minimum of 6 credit hours per semester and complete a minimum of 12 credit hours per academic year.

State Aid Probation

If you accept Washington state aid and you complete at least half of your credit load but fewer than the required number of credit hours, you are not making satisfactory academic progress and you will be placed on probation for one semester. Your Washington state aid will continue to be disbursed for one semester. During your probationary semester, you must complete the deficit credit hours from the prior semester, in addition to completing the current semester required credit load. If you successfully complete the deficit credit hours in addition to the current semester required credit load, you regain good standing and continue to be eligible for state aid. If you do not complete your deficit credit hours, you will be suspended from state aid programs.

State Aid Suspension

If you complete fewer than half of the required number of credit hours during the semester for which you received Washington state aid, you will be denied further disbursements and will be suspended from the program.

If you are a Washington state aid recipient currently on probation and you do not complete deficit credit hours from the previous semester in addition to your current semester required credit load, you will be denied further consideration and will be suspended from the program.

Reinstatement of State Aid

If you are suspended from the program, you may petition for reinstatement based on extenuating circumstances through the Office of Financial Aid for the following semester. If your petition is approved, you will be placed on probationary status pending your ability to demonstrate satisfactory academic progress. If you do not achieve satisfactory academic progress during your probationary period due to extenuating circumstances, you may petition through the Office of Financial Aid for a continued probationary status.

YOUR STUDENT ACCOUNT

REFUNDS OF OVERPAYMENTS

The student account contains the real-time ledger of all of your charges, payments, and financial aid in order to calculate your total balance. When the net balance of your student account is a negative number, this indicates that you are owed a refund for that negative amount.

Refunds are processed by the Office of Student Accounts on a weekly basis, beginning in September.

You have several options with regard to how you can receive your refund:

- **eRefund** (Direct Deposit to your bank account)
- **Hard Copy Check**
 - Mailed; or
 - Pickup at the Cashier Window
- **Hold Refund** (to be applied toward future semester charges)

eRefund:

If you wish to receive your refund via direct deposit, you need to provide the bank account information in your online student account:

1. Log into Compass
2. Click "Student Accounts" from the top menu bar
3. Click "Go to my online account"
 - a. You will be redirected to another site called Transact (Formerly CashNet), this is your online student account.
 - b. You will land on the "Overview" tab of your student account.
4. Scroll down to the "Sign up for direct deposit refunds" section, and click "Sign up"
5. Follow the guided prompts

Hard Copy Check:

If eRefund is not set up at the time your refund is processed, any refund you may be owed will be issued via hard copy check.

- If you live on campus:
 - The check will be available for pickup at the Cashier window located in the MCC on the 3rd floor.
- If you do not live on campus:
 - The check will be mailed to your local address on file

Hold Refund:

If you have a credit balance that you would like to be applied against future charges instead of having it refunded to you, you may send an email with this request to StudentAccounts@cornish.edu. With that request in writing, your credit balance will be held in your student account for one semester, at most. Each semester you wish to hold a credit balance will require an additional email request.

CO-BILLER ACCESS & TRANSACT (Formerly CashNet)

The privacy of student records is protected by the Family Educational Rights & Privacy Act (FERPA). For this reason, any third party wishing to view and/or discuss the student account must have documented authorization from the student on file with the institution. Students provide this authorization from within the online student account portal by creating a "Payer" profile. Payers will only be granted access to the online student account which contains financial information; they will not have access to academic information as a result of this authorization.

How does a student create a Payer Profile to grant them this authorization?

1. The student logs on to Compass> Student Accounts tab > "Go to My Online Account"
 - a. You are redirected to another site called Transact (Formerly CashNet) - this is your online account
2. On the left side of the online student account page, click "My Account"
3. Scroll down to the "Payers" section, click the + icon & follow the guided prompts
4. The system immediately sends an email to the new Payer with a temporary password and link to their sign-in page
 - a. New users can then set up a custom password and answer security questions for future "forgot password" troubleshooting
 - b. The payer's email address provided by the student becomes that payer's unique ID - when they contact the Office of Student Accounts to discuss the balance, that email address must be provided by the payer to confirm their identity before any non-directory information will be divulged.

What can the Payer do with this authorization that they couldn't otherwise?

- View & receive bills
- View the online student account with their own credentials
- Set up & manage payment plans
- Discuss the student account in detail with Cornish staff
- Obtain tax Form 1098-T
- Remit payment online

eWALLET / DECLINING BALANCE

The student ID card functions as a payment method at Cornish's dining facilities, which are now cashless. The dining facilities accept credit/debit card payments as well. Students who live on campus will have their meal plan funded to their ID card - those meal plans are non-refundable. Students who live on or off campus have the option to add funds to their ID card for use in the dining facilities - these added funds are referred to as your eWallet, or your Declining Balance. These funds are refundable. You can add funds by remitting payment online via your student account while selecting the "Meal Plans" option & following the prompts.

YOUR STUDENT ACCOUNT

PAST DUE BILLS AND FEES

Tuition & fees and room & board are billed by semester. Miscellaneous charges are posted to the student account throughout the year and are due by the last day of the month of assessment.

All past due balances are subject to late fees after a 10-day grace period starting from the payment due date, and recurring every 30 days thereafter until the past due balance is settled. Late fees are calculated at a rate of \$10 for every \$1,000 that is past due, with the minimum late fee being \$25.

We may temporarily cancel your registration until the balance due is paid. If you are a graduating senior, your outstanding balance must be completely paid in order to participate in the commencement ceremony.

PAYMENT PLANS

Cornish offers the option of financing your student account payments over a number of installments using one of our self-service installment payment plans (IPP) found in student account.

- There are 4-month & 5-month options available.
- There is a \$40 IPP fee for each plan you set up.
- If you choose to take advantage of an IPP, setting up an automatic payment method is a required component.
 - Credit Card payments incur a transaction fee.
 - ACH (eCheck) payments do not incur any fees.
 - IPP's which do not have an associated auto-payment method are subject to IPP cancellation.
- Plan durations span at most 1 semester, and they do not auto-renew.
 - A new IPP must be set up for each semester you wish to finance your payments.
- Payments process on the 5th of each month for the plan duration
- Late fees apply to past due IPP installments
- Additional information can be found on Compass>Student Accounts>Payment Plans.
 - Contact StudentAccounts@cornish.edu for IPP assistance if necessary.

Semester	Duration	IPP Setup Deadline	Payment Due Dates
Fall	5 Months	June 30	July 5 - November 5
Fall	4 Months	July 31	August 5 - November 5
Spring	5 Months	November 30	December 5 - April 5
Spring	4 Months	December 31	January 5 - April 5

ENROLLMENT STATUSES: PART-TIME vs FULL-TIME

Student enrollment statuses are contingent upon the number of credit hours that you are registered for, and these statuses impact your financial aid award & your tuition costs.

- **Part-time:** 6-11 credit hours in a single semester
 - Part-time students will receive a prorated portion of their eligible financial aid
 - Tuition is charged by the credit hour
- **Full-time:** 12-18 credit hours in a single semester
 - Full-time students receive their entire eligible financial aid
 - Tuition is charged at a flat rate regardless of the number of registered credit hours between 12-18
- **Overload:** Any amount greater than 18 credit hours in a single semester
 - Students registered for more than 18 credits are considered full-time
 - Tuition is charged at a flat rate for full-time tuition, plus a per-credit-hour rate for each credit hour over 18
- **Less than part-time:** Any amount less than 6 credit hours in a single semester
 - Students registered for less than 6 credit hours are not eligible for Cornish scholarships or federal financial aid

WITHDRAWING FROM CORNISH

To withdraw after registering for classes, you will file a withdrawal form with the Registrar's Office. The withdrawal date on this form will be used for all financial adjustments, including refund calculations. If you leave the College without official notification of your intent to withdraw, the mid-point of the term will be recorded as the official withdrawal date. Lack of attendance does not cancel your financial obligations.

Tuition for each semester is billed upon registration. If you withdraw after registering for classes, you may be eligible for a refund. Please note that comprehensive fees, late fees, tuition deposits and housing deposits are non-refundable. See your housing contract for additional information about the refund schedule for housing & meal plan charges.

TUITION REFUND SCHEDULE

FALL & SPRING TERMS

Week 1 through end of Add/Drop : 100%
 Week 2 and Week 3 : 75%
 Week 4 - Week 6 : 50%
 Week 7 - Week 9 : 25%
 No tuition refund after Week 9 of a semester

SUMMER TERM & SPECIAL COURSES

Before the 1st day of classes : 100%
 Week 1 (5-14 week courses only) : 45%
 After Week 1 : 0%

YOUR STUDENT ACCOUNT

FINANCIAL AID RECALCULATION

INSTITUTIONAL AID RECALCULATION

Grants, scholarships, and waivers awarded by Cornish College of the Arts will follow the same recalculation schedule as the tuition refund schedule. For example, a student who withdraws in Week 6 will receive 50% of their Cornish scholarship for the term.

FEDERAL AID RECALCULATION

Federal regulations require you to repay a portion of your financial aid funds in proportion to the length of time you remained enrolled, up until 60% of the semester, if you withdraw before 60% of the semester has been completed (Week 9). If your withdrawal date is before the end of Week 9, Student Accounts will counsel you regarding how much of your federal financial aid must be returned, and what you will owe.

STATE AID RECALCULATION

State regulations require you to repay a portion of your financial aid funds (State Need Grant & College Bound Scholarship) if you withdraw before 50% of the semester has been completed (Week 7). You will be required to pay back one-half of the unearned portion, as calculated by the length of time you were enrolled.

Cornish will provide you with a written recalculation and a revised statement. Cornish will also supervise your payment and coordinate the return of funds to government agencies, if applicable. If you have overpaid, the surplus amount will be refunded to you. If you owe a balance after the recalculation, you will have 30 days to pay your bill. Students with an account balance of \$0 are eligible to return to Cornish.

TAX FORM 1098-T

Depending on your income (or your family's income, if you are a dependent), whether you were considered full or half-time enrolled, and the amount of your qualified educational expenses for the year, you may be eligible for a federal education tax credit. (You can find detailed information about claiming education tax credits in IRS Publication 970, page 9.)

The dollar amounts reported on your Form 1098-T may assist you in completing IRS Form 8863 – the form used for calculating the education tax credits that a taxpayer may claim as part of your tax return. Additional information and assistance can be found in About 1098-T Form - IRS or by contacting a tax advisor.

Every January 31st, a copy of the Form 1098-T is mailed to your primary address. The current year 1098-T, as well as past forms, are also available as a PDF on Compass under the Student Accounts tab.
